

MATH, SCIENCE, & TECHNOLOGY

All the great advances on earth are tied to math, science, and technology. We use them to improve our health, our environment, and our day-to-day lives. At the University of Minnesota Crookston, our focus on experiential, hands-on learning will help you understand and use concepts in meaningful ways. Challenge yourself to explore and discover while learning to thrive within the ever-changing realms of information and computer technology, exercise science and wellness, biology, and the environmental and health sciences. You'll have the power to make a difference.

REAL.

Sure, college is about classes, studying, and research, but another important part of the experience involves professional development, creativity, leadership, and service.

Clubs:

- STEM (Science, Technology, Engineering, and Math)
- Crookston Students for Sustainable Development
- E-Sports
- Additional 40 clubs and organizations

HANDS-ON.

We have developed a lab complex that supports innovative uses of technology in the areas of undergraduate research and teaching, including:

- Visualization and Simulation & 3D Printing and Scanning
- Motion Capture, Modeling, Animation, and Design
- Center for Collaborative Research
- InBody & BODPOD metabolic analyzers
- Microfit Assessment Equipment
- Full suite of chemistry and biological lab equipment

READY.

Our goal is to prepare you for your future. Real world experience is key and we provide you a career-ready education. Every student has the opportunity to complete an internship. Internships are a great way to earn college credit, add to your resume and help answer the question, "Is this really what I want to do?" You can find internship opportunities with everyone from the business down the street to Fortune 500 companies. Or maybe grad school is in your future. UMN Crookston students get the educational requirements and resources they need to apply to an array of graduate programs from veterinary science to med school to an MBA program. We call that "CAREER-READY" when you fly the nest.

REAL. HANDS-ON. READY.
